

School Accountability Report Card Reported Using Data from the 2020–2021 School Year

California Department of Education

Mountain Valley School, Nevada City

24077 State Highway 49

(530) 265-9057 Nevada City, CA 95975

Principal: Ruth Zilch

Grade Span: 5th - Adult

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Table 3: School Description and Mission Statement (School Year 2021–2022)

Mountain Valley School, Nevada City is a residential school, primarily for special education and private school students. It is located on a 900 acre ranch in rural Nevada County.

The setting is ideal for students to focus on making progress on their academic and social goals. Mountain Valley School, Nevada City works to meet students' individual challenges in a supportive and outdoor-oriented environment. Our experience, over the past 50 years, shows us that students thrive when they are in an enriched academic environment free from outside influences and pressures.

At Mountain Valley School, Nevada City we help students gain the skills they need in order to return to their home school communities. Our approach is based on building meaningful relationships through a trauma informed model, while gaining academic success.

As stated in our Schoolwide Learner Outcomes (SLOs), Mountain Valley School, Nevada City seeks to develop individuals who are:

Effective Communicators Lifelong Learners and Mature Community Members

The Accrediting Commission for Schools, Western Association of Schools and Colleges (ACSWASC) has accredited Mountain Valley School, Nevada City.

During the Covid-19 Pandemic, Mountain Valley School, Nevada City implemented closely monitored health and safety procedures which are compliant with California and the Nevada County Department of Health procedures. Policies and procedures are closely followed. Biweekly Covid-19 meetings are conducted and they are available for staff members to join in using video conferencing.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Table 11: School Facility Conditions and Planned Improvements

Mountain Valley School, Nevada City school buildings provide a safe and clean environment for learning. Each building is inspected monthly using the “Monthly Physical Plant Inspection Form” (FIT) by the Director of Facilities or his designee.

The inspection includes:

1. Fire extinguishers present, unobstructed, serviceable and initiated.
2. Smoke detectors present and serviceable.
3. CO2 detectors present and serviceable.
4. Sprinkler systems operational.
5. Heating system operational.
6. Heating system filter replaced: replacement date: last 6 months
7. Cooling system operational.
8. Lighting/electrical systems operational.
9. Appliances plugged directly into outlets.
10. Outlets and switch faceplates present.
11. No electrical panel obstructions.
12. Emergency generators operational.

All school facilities meet the FIT criteria. All facilities are in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Academic Achievement

Mountain Valley School, Nevada City has under ten students in each grade level. As a result, data from the California Assessment of Student Performance and Progress is not available.

Student achievement is measured using an annual assessment of word reading, spelling, sentence comprehension and mathematics using the WRAT 5 assessment. Reading and mathematics achievement is evaluated quarterly using student work samples. Writing skills are gauged quarterly in the argumentative genre using state adopted text as a resource and a rubric based on the caaspp Writing Assessment. Special Education students are assessed triennially using the Woodcock Johnson 4.

College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for

the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

Table 21: Career Technical Education Programs (School Year 2020–2021)

Mountain Valley School, Nevada City offers a variety of Career Technical Educational opportunities. We are fortunate to have access to a beautiful setting in Nevada City. It is an ideal place to learn about agriculture in a natural environment. Nevada City has animal facilities and pastures which house domestic animals.

The program is designed to address individual student’s career choices and interests. Students take semester courses in Career Exploration and Technology Exploration which are aligned to the California Career Technical Standards (CTE). Middle and high school students learn about agriculture, horsemanship, woodwork, pottery and animal care.

At MVS, Nevada City, Career Technical Education incorporates the concepts and skills which students learn in core classes. Lessons integrate reading, writing, mathematics and research skills to complete hands-on projects. Units focus on the application of basic skills. Some examples of student work are: journal reflections on learning styles, the collection of data on natural phenomena, the creation of manuals to guide equine and other animal’s care, and the creation power point presentations to culminate research projects.

Students readily engage in the CTE courses. They are motivated to care for the animals building their knowledge and overall self-confidence. Teachers often comment that a previously apathetic student has enjoyed CTE and is then eager to work on their academic and social-emotional goals. Many students also find life-long interests in nature, gardening and animal care as a result of their experiences in the CTE courses.

Note: Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020–2021 school year and therefore no data are reported.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Table 25: Opportunities for Parental Involvement (School Year 2021–2022)

Mountain Valley School, Nevada City creates trusting relationships with parents, foster parents and Court Appointed Special Advocates (CASAs). Parents are invited to tour the school and meet the treatment team members made up of the special education teacher, school administrator, therapist and house administrator. The treatment team is available to the parents at any time by request. During the Covid-19 pandemic strict safety procedures are followed to assure the safety of students, staff and visitors. Most visits are conducted using video conferencing.

Once a student is placed at Mountain Valley School, Nevada City parents, foster parents and CASAs receive weekly updates from the academic, the therapeutic and the residential components. Team members for students with Individualized Learning Plans (IEPs) meet to confirm that the placement is appropriate for the student. Adjustments to the student's program can be made based on the recommendations of the IEP team members.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Mountain Valley School, Nevada City does not suspend or expel students.

Table 32: School Safety Plan (School Year 2021–2022)

Mountain Valley School, Nevada City provides students with a safe and secure environment. School safety is a priority.

During the Covid-19 pandemic Mountain Valley School, Nevada City closely follows state and county guidance on safety. The Centre for Disease Control and Prevention updates also are used as a resource.

The Covid-19 pandemic safety procedures included four areas:

1. Promoting behaviors that reduce Covid-19's spread
2. Maintaining healthy environments
3. Maintaining healthy operations
4. Preparing for a new student

Mountain Valley School, Nevada City provided trainings in virtual formats, assigning non- direct service staff to work at home, providing biweekly Covid-19 updates, providing Covid-19 weekly briefing sessions and a vaccine clinic in January of 2021.

All Mountain Valley School staff members are trained and updated annually in the Non-violent Crisis Intervention training.
